

# CFPM - CERTIFICATE IN FUNDAMENTALS OF PROJECT MANAGEMENT

## FAST TRACK YOUR CAREER

The demand for project management skills is on the rise, as businesses continue to grow through new product development and infrastructure expansions. Therefore, it is important for everyone to understand the core principles, processes and terminology used in project management in order to launch and manage their own projects as well as support other projects that they are involved with. CIFA curriculum covers the major elements of the project management body of knowledge, in a concise and effective manner.
